## SHERIFF HALTS 600 STRIKERS ON MARCH

Drives Minnesota Miners Back and Threatens Bloodshed If Troublesome.

HIERING, Minn., July 31.—Six hundred striking miners who started out early to-day to sweep the entire Chisholm district and intimidate the men who were working there, were driven back along the country road into the hall from which they started by Deputy Sheriff Magie and ten other armed deputies, and after being given a fierce

language-lashing by Chief of Police, Madden were dispersed. The strikers assembled this morning at Chisholm and started out along the country road, planning to make such a demonstration of their strength that the men working at the different locations in the Chisholm district would be induced to quit work. Deputy Sheriff Magie was informed of the impending trouble, however, and he had a number of deputies stationed at the locations armed with rifles and blocking the road. The strikers stopped on meeting these obstructions, and two burly strikers attempted to argue with Deputy Sheriff Magie, but he caught them by the shoulder and swung them around. Then, with the deputies bringing up the rear, and driving the six hundred strikers along the dusty road like so many sheep, the procession marched back to town. Here were any more attempts at intimidation there would be "blood shed." Many of the men were searched for weapons, but none was found and the crowd was then dispersed. Crowds were at work to-day at all the mines.

## The Kind You Have Always Bought.

THIS is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Chas. H. Fletcher for over 30 years—the genuine Castoria. We respectfully call the attention of fathers and mothers when purchasing Castoria to see that the wrapper bears his signature in black. When the wrapper is removed the same signature appears on both sides of the bottle in red. Parents who have used Castoria for their little ones in the past years need no warning against counterfeiters and imitations, but our present duty is to call the attention of the younger generation to the great danger of including into their families spurious medicines. It is to be regretted that there are people who are now engaged in the nefarious business of putting up and selling all sorts of substitutes, or what should more properly be termed counterfeiters, for medicinal preparations not only for adults, but worse yet, for children's medicines. It therefore devolves on the mother to scrutinize closely what she gives her child. Adults can do that for themselves, but the child has to rely on the mother's watchfulness. Genuine Castoria always bears the signature of *Chas. H. Fletcher*

THIS is one of the Big Store events that really needs little advertising. Almost as many men know of it and are watching for it as we have shirts to sell them. To these a single line would be enough. At this time every year we clean up our negligee shirt stock. It's an important movement, because the stock we carry is one of the three largest (if not the very largest) carried in the United States. And whether the largest or not, it is the only stock that is cleaned up in this slashing fashion. We take all the patterns in our \$1.25 and \$1.50 shirts that have sold down to less than 5 dozen to the size, and offer them at

This gives a tremendous variety for choice, even though you should not always be able to find the size you want in a certain pattern. Still, in every size from 14 to 17½ you will find anywhere from six to twenty-five good patterns in shirts that up to yesterday sold at \$1 to \$1.50. Plain and plaided bosoms in all sizes to begin with. Coat and "regular" models. Cuffs attached or detached. The best-pressed men will be those that get here earliest.
